A proud moment

Scholarships awarded to academic achievers-2015-16

For the first time that Dhanbad Public School, Hirak branch had thought of presenting the merit based scholarship to the recognized academic achievers – the school would bear six months of tuition fee of the children. This was indeed an initiative taken by our school to felicitate and encourage the students for this hardwork, determination and dedication in their studies and other academic fields. It would be rather said that “it was a small beginning for greater achievement and an
encouragement for the students to focus more on their academics and a pride for their parents and the school.
